

Sir,

As a current Computer Science student at the National Institute of Technology, Kurukshetra, I have garnered a skills in languages such as C, C++, Java, and Python, along with extensive experience in web development technologies like React.Js, Next.Js,Vite, Typescript and Tailwind CSS.

My project, **NITmini MAP**, won a team-hackathon at Techspardha, showcasing my ability to deliver innovative solutions. Additionally, I developed a React Native application, **JobFinder**, aggregating job listings from various platforms, Also a NEXT.JS based game called **SPS5(stone paper scissor)** using Typescript and TailwindCSS.

I am proud of achievements such as winning Excalibur'23, a hackathon at NIT Kurukshetra, and achieving a 3-star rating on CodeChef.

My soft skills, including effective communication and leadership, are complemented by volunteer experience in technical and managerial roles at **Technobyte** and mental health awareness initiatives at **COLOURS**.

Sincerely,
Tushar
